

Kristin E. Smith, DNP, FNP-C, AAHIVS
Director, University of Rochester Nurse Practitioner Residency Program
Highland Family Medicine

A doctorally prepared Family Nurse Practitioner with current clinical practice and significant experience working with nurse practitioner students and nurse practitioner residents in the clinical setting. She has been director of the NP residency at Highland Family Medicine (HFM) since 2016 and has lead the program through national accreditation with the National Nurse Practitioner Residency and Fellowship Consortium. Furthermore, past experience as a clinical director of an opioid overdose prevention program provided leadership experience and understanding of the importance of caring for those with substance use disorder, which has carried over in to the role at HFM where she provides buprenorphine management for patients and has been involved in teaching both the 4 and 8 hour MAT-waiver course for both ASAM and PCSS both locally and nationally.
