

Thank you to our Conference Exhibitors!

Please be sure to visit our Exhibitors in the foyer.

The **ACEN** and **ARC-PA** have joined forces to offer joint accreditation for Advanced Practice Provider (APP) programs! The agencies are excited to announce a partnership for the accreditation of postgraduate APP programs. The ACEN and ARC-PA are well-known in the accreditation of nursing and physician assistant education programs. Final approval of the MOU, Standards and Criteria, and accreditation policies is anticipated by the end of July 2023. The goal is to begin offering joint accreditation of APP programs by January 2024. We look forward to meeting you at the conference.

Chronic Care Staffing, LLC is headquartered in Charleston, South Carolina with clients across the United States. Since 2015, CCS has worked with health systems and practices of all sizes with an industry leading clinical approach to patient health management. Our programs are designed to optimize care for patients while generating revenue for our clients.

Our sister company, Millenia Medical Staffing, is a travel nursing firm that has been in business for over 25 years and is Joint Commission Certified. CCS leverages Millenia's nationwide network of highly qualified nurses as well as its Joint Commission based hiring techniques and standards to ensure that only the highest quality team works on your behalf.

CCS was one of the first outsourced providers of Chronic Care Management services in 2015, and we have since expanded our offerings to include Health Risk Assessments (HRA) for Annual Wellness Visits (AWVs), Transitional Care Management (TCM), Virtual Clinical Staff Augmentation, as well as other virtual care management services.

We take a long-term partnership approach with our clients and are flexible to develop programs to meet our clients' needs. We always strive to set up win-win partnerships. Excellent patient care and client satisfaction are our two most important goals.

ConferMED is a not for profit national network of specialists supporting primary care practices nationwide. ConferMED specialists provide eConsults for over 70 medical and surgical specialties and subspecialties for both adult and pediatric patients and are also available to provide didactic lectures, live case discussions, and skill building sessions for APP Postgraduate and other training programs. ConferMED has nearly 300 dedicated specialists available to support primary care providers and trainees. All ConferMED specialists are board certified and experienced in their fields. They are carefully selected and monitored to ensure they provide the highest quality education and consultation to our users. Finding reliable sources of specialty expertise for trainees is a large and growing challenge. ConferMED's specialists are passionate about teaching and are available today to enhance your postgraduate training program!

Thrive AP is your #1 resource for developing transition to practice programs. ThriveAP is a live and virtual, turnkey transition to practice education solution for NPs, PAs, and the facilities that employ them.

Yakima Valley Farm Workers Clinic has changed since we first opened in 1973. We've grown into one of the largest community health centers in the Northwest, with over 40 clinics in 18 communities across Washington and Oregon. As an FQHC, we are a patient-centered medical home dedicated to serving our communities. Taking care of a patient's health means caring for them with compassion. We treat our patients the way they want to be treated, regardless of where they live, where they are from, or what they can pay. Our doors are open to all, regardless of their citizenship status.
